

Joining Forces Magic Valley Veterans Services Guide

September 22, 2022

Our Mission Statement

Joining Forces mission is to raise awareness and improve community services through communication and collaboration to better serve our military veterans and their families in the Magic Valley Region of Idaho.

Joining Forces is a group of service organizations, community groups and law enforcement that have come together to provide support and resources for Veterans.

Joining Forces Magic Valley was formed to develop a better understanding of the services available in the Magic Valley for military veterans and their families and be a source to help the veteran find that needed service.

Joining Forces Magic Valley also provides a forum for the partners to learn what services each has to offer and develop a bond to serve the veterans of our community.

Luke's Wings

www.lukeswings.org	202-803-2041	1054 31st St NW, Washington, DC 20007	information@lukeswings.org
--	---------------------	---	--

- Luke's Wings is a Fully Tax Deductible 501(c)3 Non-profit Corporation. Employee Identification Number: 26-1691195.
- Luke's Wings is an organization dedicated to the support of service members who have been wounded in battle. Recognizing the immediate need for families to be with their loved ones at such a difficult time, Luke's Wings provides families with the means to visit during the service member's hospitalization and rehabilitation. By purchasing travel agency services and travel tickets for loved ones, Luke's Wings provides an immediate and invaluable service to the families of our men and women at arms while also helping to encourage and motivate the service member's recovery.

- In 2011, Luke’s Wings expanded the mission to also include Texas Veterans and all Veterans in Hospice Care. As such; a Veteran in Hospice Care may be surrounded by loved ones as they pass away. Today, the majority of requests are for World War II Veterans, Korean War Veterans, and Vietnam War Veterans in elderly care facilities or long-term inpatient care facilities. Luke’s Wings regards the Veterans in Hospice Care Program as a “final salute” to the greatest generation that ever lived.
- In 2012, Luke’s Wings created a separate project line to provide emergency flights for the families of our service members who are injured on special missions. Luke’s Wings is honored to be able to be a resource for Special Operations Forces within the United States Special Operations Command (USSOCOM) – Care Coalition.
- While individual donations may be made directly on our website, Luke’s Wings also asks corporations to support our cause with corporate sponsorships and in-kind donations.
- Recognizing the difficulties families encounter as they make their way to their loved ones’ side, Luke’s Wings purchases the plane tickets and plans the trips, then Luke’s Wings partners with other non-profit organizations that can provide other services including, but not limited to, free or discounted accommodations, meals, entertainment, local travel vouchers, city tours, etc.

-----------------------	---------------------	---	---

- We are a 501c3 Organization
- Our mission is to create wrap around services and a navigation network hub for veterans, military serving, and their families to come to for community resources for Education, Housing for Heroes, Vet-preneur, Workforce Transition, Family and Wellness services.
- Our vision is to bridge the gap by building strong partnerships embedded within the civilian community through collaboration and connection. We will build and maintain partnerships & relationships with all other businesses, agencies, associations, organizations, and non-profits to provide pathways for veterans, military serving, and their families to find the right resources, the first time, every time.

Team Rubicon

Tara Walker			
--------------------	--	--	--

- Team Rubicon's primary mission is providing disaster relief to those affected by natural disasters, be they domestic or international. By pairing the skills and experiences of military veterans with first responders, medical professionals, and technology solutions, Team Rubicon aims to provide the greatest service and impact possible.
- Through continued service, Team Rubicon seeks to provide our veterans with three things they lose after leaving the military: a purpose, gained through disaster relief; community, built by serving with others; and identity, from recognizing the impact one individual can make. Coupled with leadership development and other opportunities, Team Rubicon looks to help veterans transition from military to civilian life.
- The physical, mental, emotional, and social wellness of our country's returning veterans are of national importance. As our veterans have returned home, many have experienced challenges navigating the transition back into civilian life.
- While there are real and difficult issues plaguing our veterans – a lack of resources and understanding around mental health, homelessness, unemployment – Team Rubicon does not see our veterans as broken. At Team Rubicon, veterans are the agent of our mission, not the object.
- By engaging our veterans in continued service through disaster response, not only does Team Rubicon provide relief to affected communities, but many veteran volunteers begin to regain the purpose, community, and identity that is difficult to find upon leaving the armed forces.

--------------------------	---------------------	---------------------------	--

- We define enrichment as creating quality relationships and experiences that contribute to life satisfaction and overall well-being. The concept of enrichment consists of three core components—health, people, and purpose—that comprise a rich life.
- Health: Creating frequent opportunities for team members to connect through fitness, sports, and recreation to improve physical, mental, and emotional wellbeing.
- People: Creating authentic connections (defined as genuine, quality, supportive relationships that generate mutual trust and accountability), reflected in an increased number of close relationships and improvements in teammates’ sense of belonging, purpose, and community engagement.
- Purpose: Engaging members in meaningful team and community-based experiences such as leadership and service that, beyond physical and social activities, renew self-identity and purpose in life.
- We accomplish our mission via our two core programs: our Chapter and Community Program and our Eagle Leadership Development Program.

- Supportive Services for Veteran Families (SSVF): Through the SSVF Program, VA aims to improve very low-income Veteran families' housing stability. SCCAP is able to provide eligible Veteran families with outreach, case management, and assistance in obtaining VA and other benefits, which may include:
 - Health care services
 - Daily living services
 - Personal financial planning services
 - Transportation services
 - Fiduciary and payee services
 - Legal services
 - Child care services
 - Housing counseling services
- In addition, SCCAP may also provide time-limited payments to third parties (e.g., landlords, utility companies, moving companies, and licensed child care providers) if these payments help Veterans' families stay in or acquire permanent housing on a sustainable basis.

- Military OneSource is a free service provided by the Department of Defense to service members and their families to help with a broad range of concerns including money management, spouse employment and education, parenting and child care, relocation, deployment, reunion, and the particular concerns of families with special-needs members. They can also include more complex issues like relationships, stress, and grief. Services are available 24 hours a day — by telephone and online. Many Military OneSource staff members have military experience veterans, spouses, Guardsmen, Reservists, and all receive ongoing training on military matters and military lifestyle. The program can be especially helpful to service members and their families who live at a distance from installations
